

COVERT

TACTICAL PROTECTION

Protective Products International, in conjunction with Ford Motor Company, is proud to offer Covert Ballistic Door Panels to America's first responders. Certified to stop 7.62x39mm Ball, 5.56x45mm M855 Ball and 5.56x45mm M193 Ball, our panels offer a level of protection unmatched in the industry, providing cover when it is needed most.

Taking cover has never been easier!

COVERT

BALLISTIC DOOR PANELS

Covert Ballistic Door Panels from Protective Products International are fast becoming an indispensable tool in the law enforcement officer's crime fighting arsenal. Rated to defeat most NIJ Level III rifle rounds, these lightweight panels may be installed at the factory or retrofitted to your existing fleet. With the Covert Ballistic Door Panels installed, the vehicle doors can be swung into action and used as a tactical shield from high-powered projectiles. And with attractive leasing options available, upgrading to this life saving protection is very affordable.

Threat	Velocity
7.62x39mm Ball, FMJ 8.00 g (123 gr.) Mild Steel Core	2428 fps +/- 50 fps
5.56x45mm M193 Ball, FMJ 3.63 g (56 gr.)	3264 fps +/- 50 fps
5.56x45mm M855 Ball, FMJ 4.02 g (62 gr.)	3264 fps +/- 50 fps

* Results verified by HP White Laboratories.
Tests based on six shots per panel from real life distance of 16 ft.

Call us today to schedule a no obligation shoot demonstration in your area!

- Stops all NIJ-rated handgun rounds and most Level III rifle rounds (see chart at top left)
- Crash certified, passing Federal Motor Vehicle Safety Standards (FMVSS)
- Six-year ballistic warranty
- Ballistic panels are transferrable
- Will not interfere with the vehicle's interior space or window mechanism

*Available as Fleet or Aftermarket Purchase.
Attractive Leasing Options Available.*
