The Sawfly-TX Tactical Eyewear System is the next generation spectacle, offering superior equipment compatibility and custom lens shapes to suit any mission.

Equipment Compatible: The Sawfly-TX's weightless frame and ultra-thin arms ensure a perfect fit with hearing protection and communications headsets. Its adjustable arms and low-profile design offer full compatibility with helmets, weapons sights and NVGs.

Custom Lenses: All Revision lenses offer best-in-class ballistic protection and flawless optics. The shape you choose is determined by your mission. The **Sawfly-TXP Kit** is designed for high activity missions where big airflow provides superior fog protection. The **Sawfly-TXM Kit** is designed for high threat environments where maximum lateral coverage gives added protection.

THE SAWFLY SYSTEM

- TWO SIZES Correct size ensures fit, comfort and optical performance
- COMMS ENABLED Slim arms for superior comfort under communications and hearing protection devices
- TOUGH Lenses made of indestructible, optical grade polycarbonate
Scratch-resistant coatings resist a wide variety of chemicals
- INTERCHANGEABLE Lenses interchange quickly for various light conditions
- UV PROTECTION 100% protection from harmful UV-A-B-C rays
- COMFORTABLE Soft-grip overmolded arms keep eyewear securely in place
Soft nose piece included on each lens
- ADJUSTABLE Arm length adjusts for precise fit
Adjustable head strap keeps eyewear securely in place
- LIGHTWEIGHT Weighs only 1¼ oz or 35 g
- PRESCRIPTION READY Optional Rx Insert is also compatible with Desert Locust® and Bullet Ant® Goggles; Revision offers Rx Carrier fulfillment services. See www.revisioneyewear.com for details.

SAWFLY EYEWEAR OFFERS EXTREME PROTECTION FOR EXTREME CONDITIONS

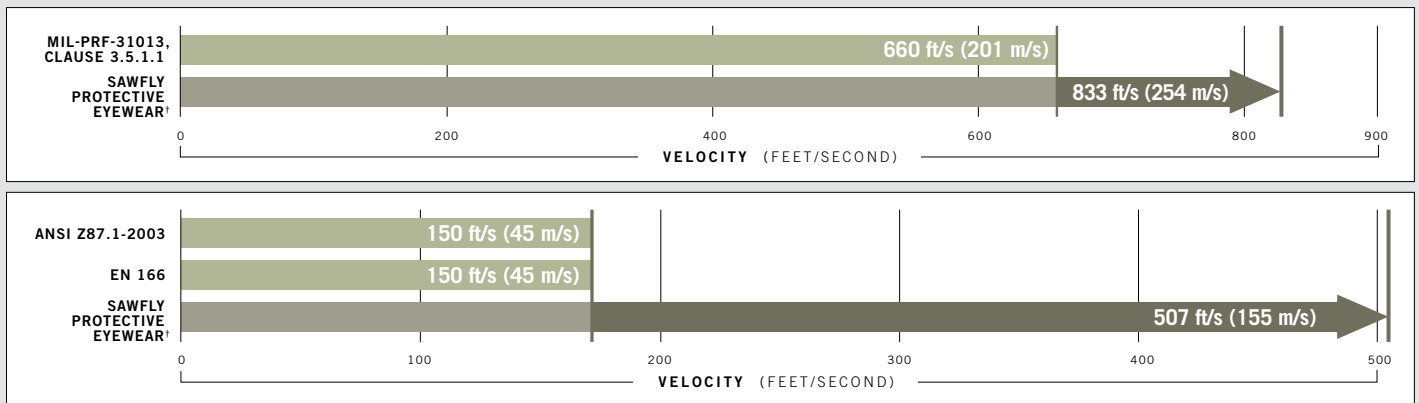

- Certified to ANSI Z87.1-2003 Standard
- High velocity impact performance of the Sawfly System is **3-times greater** than required by ANSI Z87.1
- Meets U.S. military eyewear ballistic impact resistance requirements (MIL-PRF-31013, clause 3.5.1.1 for spectacles and MIL-DTL-43511D, clause 3.5.10 for goggles)
- CE certified to EN 166, EN 170, and EN 172
- CAGE Code: 30VZ5

BE REVISION READY.™

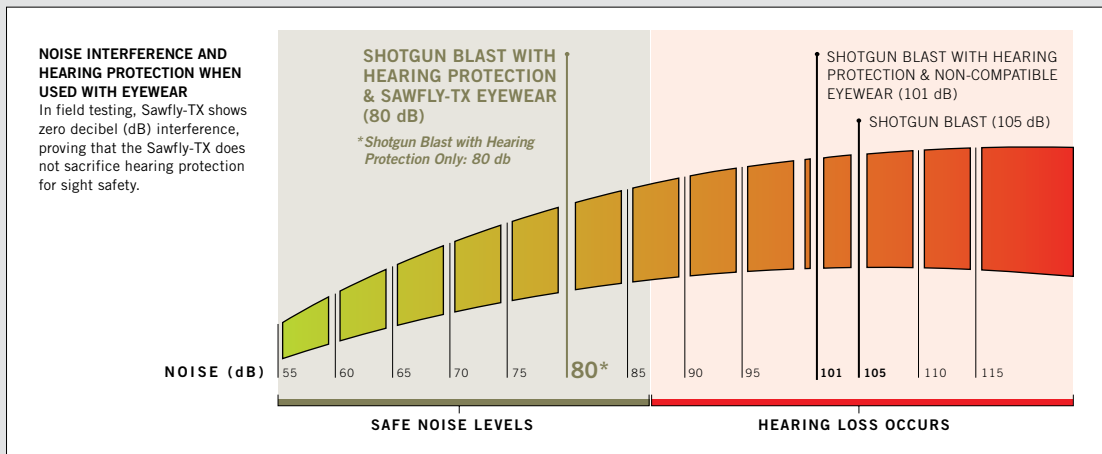

DON'T RISK YOUR EYESIGHT — OVER 90% OF EYE INJURIES ARE PREVENTABLE

The Sawfly-TX spectacle well exceeds both U.S. and international military eyewear impact standards.

1. *MIL-PRF-31013, Clause 3.5.1.1, 15 Caliber, 5.8 Grain Projectile. 2. *ANSI Z87.1 2003, ¼" Steel Ball Projectile. 3. *EN166, 6.34mm Steel Ball Projectile. All lab testing performed in the ballistic testing chamber APRIL 2009.

SLIM ARM DESIGN ENSURES HEARING PROTECTION AND PREVENTS NOISE INFILTRATION

SAWFLY-TX SHOTGUN BLAST HEARING PROTECTION

- FIREARM** Mossberg Model 88 12 gauge, 28 inch barrel, modified choke
- AMMUNITION** Federal Ammunition, 12 gauge 1¼ ounce #7½ lead shot
- HEADSET** BOSE Improved Tactical Headset (ITH) for Light Tactical Vehicles (LTVs)
- DECIBELS** 110 dB from 6 ft (1.8 m). Testing conducted with Extech Instruments Noise Dosimeter
- RESULT** Sawfly-TX has zero interference with hearing protection and communication devices

*Based on OSHA Regulations (Standards - 29 CFR) Occupational noise exposure. – 1910.95

OPTICAL PERFORMANCE – LENS OPTIONS

Sawfly eyewear has passed stringent military optical tests for visual clarity. Easy-to-change high-impact lenses offer the ultimate defense against changing light conditions and harmful UV rays.

- CLEAR LENS** Maximizes light transmittance indoors or at night.
- SOLAR LENS** Reduces extreme glare and squinting in bright conditions.
- HIGH-CONTRAST LENS** Provides crisp definition in low-light cloudy, or hazy conditions.
- POLARIZED LENS** Blocks glare from reflections on flat surfaces such as water, roads, sand & snow.

SELECT THE SAWFLY-TX KIT THAT'S RIGHT FOR YOU.

The Sawfly-TX comes in two sizes, regular and large, utilizes an interchangeable lens system and is prescription ready. Each Sawfly-TX can be further customized with two different lens profiles to suit your mission needs: the Sawfly-TXP Kit and the Sawfly-TXM Kit. The Sawfly-TX Essential Kit consists of a frame with retention strap, clear and solar lenses with individual nose pieces, microfiber storage/cleaning pouch and storage case. See Price List for product numbers and descriptions.
